

Job Chart

- Enlarge onto A3 and laminate. Print student names onto pencils provided, or paper to use on chart. (Alternatively, you could have this as a hanging chart and use pegs around the outside)
 - Students' names move around chart in clockwise direction on a weekly basis.
 - Pack includes charts with 10, 12, 14 or 16 job options. If you don't like our filled in charts, there are also blank ones included.
 - It is ideal to have 2 students per job, and then sometimes have 3 if any student may be unreliable or require additional help.
